VISION

SDS has oriented its vision towards security and safety for more than ten years. This is a fundamental right that should be accessible and affordable to all. This synergy between agents / environment / resources" resulted in a high-level experience and gave us a leading position in terms of results.

EXPERTIZING

skills & experience

That's why we continue to intend to highlight the importance of social connections as we permanently develop our security concepts. Any employee becomes more efficient with good work conditions and suitable methods.

PREVENTION IS BETTER THAN CURE

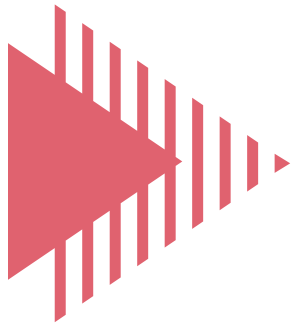

SDS advises and secures the highest level of Government or private sector enterprises as well as individuals.

Our expertise, associated with a financial savings focus, guides our Clients to fully understand the inseparable elements, risk/budget/expected results.

The constant research in synergy is the warranty of saving cost.

Our specific approach in crisis management or shock dealing highlights the gap between the **felt risk** and the **real threat**.

That's why our audits are recognized for consistently achieving a tailored strategy to secure a site at the **best cost-to-need ratio**.

TECHNOLOGY SERVES SAFETY

SDS prevents malicious intentions and focuses on new threats and new technology.

SDS chooses European partners for a result combining **Excellence** and **Reliability**.

Our integrated solutions minimize costs, and allow the management all passive security devices in a unique system.

IoT, embedding Artificial Intelligence, are also part of this new technology that we masterize.

SDS offers synergy solutions, "human-technology", offering adapted and quick responses.

Video protection is usually the first deployed system and is in constant improvement.

The additional or embedded AI offers a video analysis solution from site protection to access management or even to comfort within the site.

Miniaturizing permits embedding technology to serve your needs process.

PERIMETER PROTECTION
PRESENCE DETECTION
ACCESS CONTROL
FACE RECOGNITION
RESTRICTED AREAS
SWIMMING POOLS...

EFFICIENT SERVICES
CAN BE PERFORMED ONLY BY EXPERTS

EXPERIENCE IS THE DIFFERENCE

The deployment of a security system must provide concrete solutions without increasing the workload of various actors. that's why an Executive Officer of Security (EOS) always leads a consequent security team.

SDS advises the management on human and material operational resources specificities. The EOS is your special security assistant for strengthen you for this constraining area, allowing you to focus on your core business.

THE RIGHT PERSON IN THE RIGHT ROLE

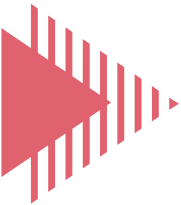

Each Client is unique because of its activity sector, geographical location, or commercial ties. We, therefore, chose the security agents according to the:

- **INTERNAL RULES OF SECURITY.**
- **ADAPTABILITY TO TECHNOLOGY ON-SITE.**
- **ABILITY TO HARMONIZE RESOURCES AND TASKS.**

This integration concept results in mutual trust between your employees and the security service in a smooth collaboration.

WHY WE ARE DIFFERENCE, BECAUSE WE ARE EFFICIENT

We can provide the usual guard service.
But if you decide to change, change for better.

A SECURITY AUDIT

We offer a Specific Security Assessment of the site and surrounding to :

- Revele you about risks and threats.
- Guide your safety functioning with SOP.
- Support you in technological choices.
- Accompany you to establish the internal rules.
- Prevent with you shocks and crisis management..

SECURITY PARTNERSHIP

We offer continual assistance to your Security Manager or Loss and Prevention Director by:

- An access to our Cloud Technology.
- A personal and confidential chat for assistance.
- Advices to establish your personal SOP.
- Assistance to set your guards' tasks.

***We offer the technology under specific conditions.**

Yearly guards' turnover is **one way**;
Securing a synergy between technology and team
with **SDS** is **THE way**.
