SECURITY DEFINITION:

The state of being free from danger or threat

Security is YES or NO

You feel safe or not

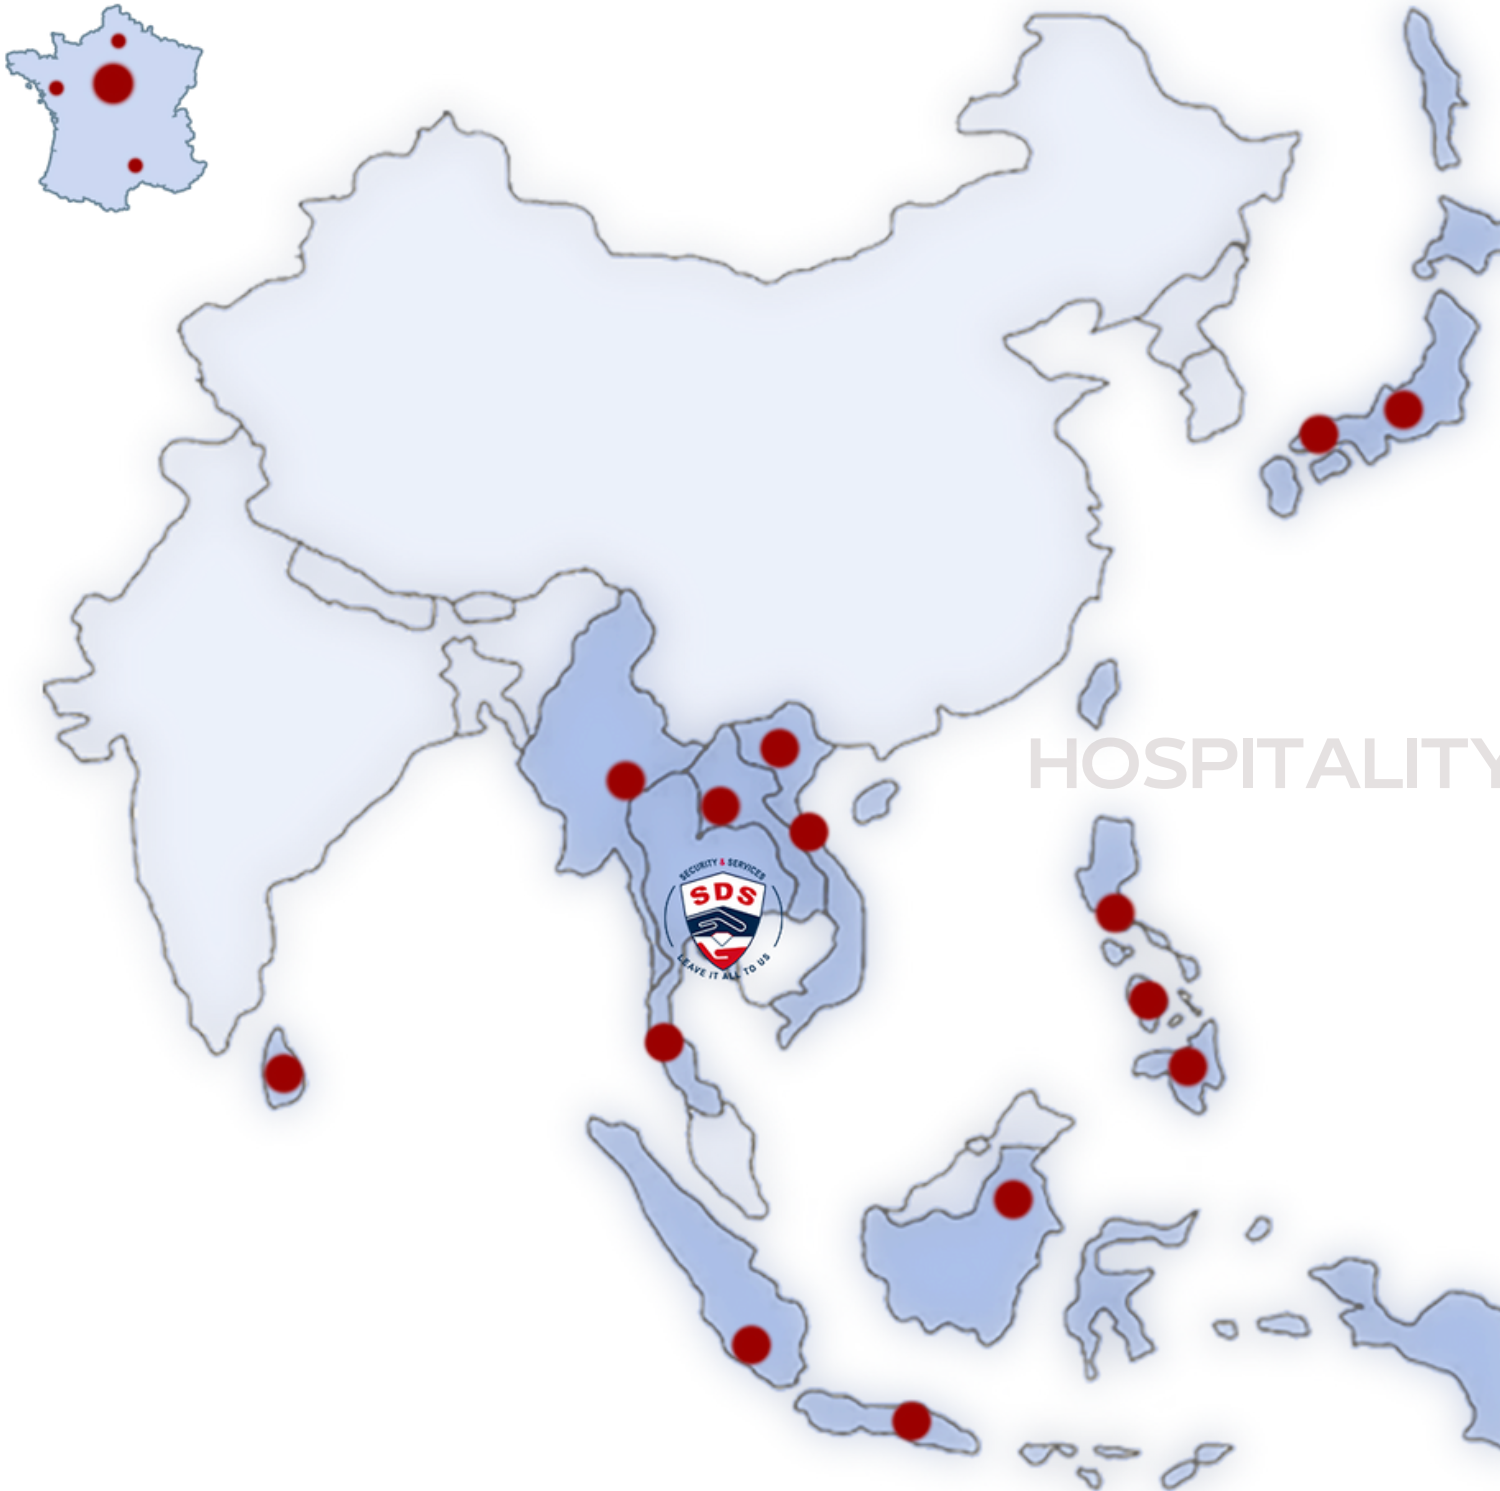

Safety never gives a second chance

Trust only the professionals

ASIA FIRST

VISION

SDS has oriented its vision towards security and safety for more than ten years. This is a fundamental right that should be accessible and affordable to all. This synergy between "agents-environment-resources" resulted in a high-level experience and gave us a leading position in terms of results.

EXPERTIZING

skills & experience

It is why we continue to intend to highlight the importance of social connections as we permanently develop our security concepts. Any employee becomes more efficient with good conditions and suitable methods.

PREVENTION IS BETTER THAN CURE

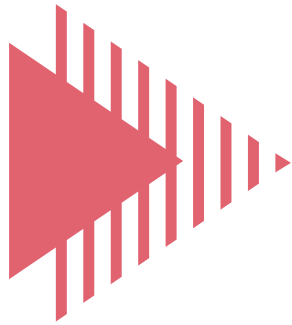

SDS advises the highest level of the government sector and famous international groups for all kinds of enterprises or individuals.

With its European partners, **SDS** meets all specific cyber security and safety requirements. It is why our' expertise, associated with a financial saving goal, guides the customers to decide with full knowledge of these three elements: risks-budget-results.

The constant research in synergy is the warranty of saving cost.

A specific and broad-spectrum security approach to crisis management or raising awareness for employees makes it possible to perceive the felt risk as much as to highlight the real threat.

Audits or expertise permit the implementation of a fitted strategy to secure a site at the best synergy for the best cost.

TECHNOLOGY SERVES SAFETY

SDS prevents malicious intentions and focuses on new threats and new technology.

SDS chooses French and German partners for a result combining excellence and reliability. Our integrated solutions minimize costs, permitting management CTTV, access control, alarm and all passive security in a unique machine. IoTs, embedding Artificial Intelligence, are also part of this new technology that we master.

SDS offers synergy solutions, "human-technology", offering adapted and quick responses for better shock dealing and crisis management. The most remarkable progress remains in the cameras' development with embedded AI.

CCTV is usually the first deployed tool and is becoming increasingly performing.

The additional or embedded AI offers a video analysis solution from site protection to access management or even to comfort within the site.

Miniaturizing permits embedding technology to serve your needs process.

PERIMETER PROTECTION
PRESENCE DETECTION
ACCESS CONTROL
FACE RECOGNITION
FORBIDDEN AREAS
SWIMMING POOLS...

PROFESSIONAL SERVICE IS PERFORMED ONLY BY PROFESSIONALS

EXPERIENCE IS THE DIFFERENCE

The deployment of a security system must provide concrete solutions without increasing the workload of various managers. It is why an Executive Security Officer (EOS) always leads a consequent security team.

This **SDS** advisor counsels the managers on all human and material resources operational concerns. The EOS is your special security assistant for reinforcing you for this constraining area, allowing you to focus on your core business.

THE RIGHT PERSON IN THE RIGHT PLACE

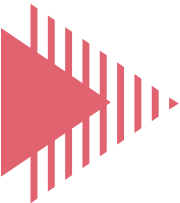

Each of our customers is unique because of its activity sector, geographical location, or commercial ties. We, therefore, chose the security agents according to the:

- RULES OF SECURITY (SOP).
- ADAPTABILITY TO TECHNOLOGY IN THE PLACE.
- ABILITY TO HARMONIZE RESOURCES AND SKILLS.

This integration concept results in mutual trust between your employees and the security service in a smooth collaboration.

OUR DIFFERENCE IS SIMPLE JUST A CONSIDERABLE GAP

We provide the usual guard service. But not only !
We add unlimited options for genuine protection.

A SECURITY AUDIT

We offer a complete security assessment of the site and surrounding to :

- Warn you about risks and threats
- Guide your safety functioning with SOP
- Support you in technological chooses
- Coach you to establish the internal rules
- Sensitize you about shock and crisis management.

SECURITY PARTNERSHIP

We offer continual assistance to your Security Manager or Loss and Prevention Director by:

- A dedicated area on our sharing server.
- A confidential chat to contact SDS.
- A comparison service of quotations.
- The counselling to establish your SOP.
- The guidance to finalize your guards' tasks.

***We offer the technology under specific conditions.**

**CHANGING THE GUARDS YEARLY IS ONE WAY
KEEPING SECURE WITH SDS IS A BETTER WAY**
